

## CORRIGENDUM

Direct numerical simulations of supercritical fluid mixing layers applied to  
heptane–nitrogen

BY RICHARD S. MILLER, KENNETH G. HARSTAD AND JOSETTE BELLAN

*Journal of Fluid Mechanics*, vol. 436 (2001), pp. 1–39

Owing to a printing error, figures 8, 9(a) and 9(b) are the same. Figure 8 is correct and the correct version of figure 9 is printed overleaf.

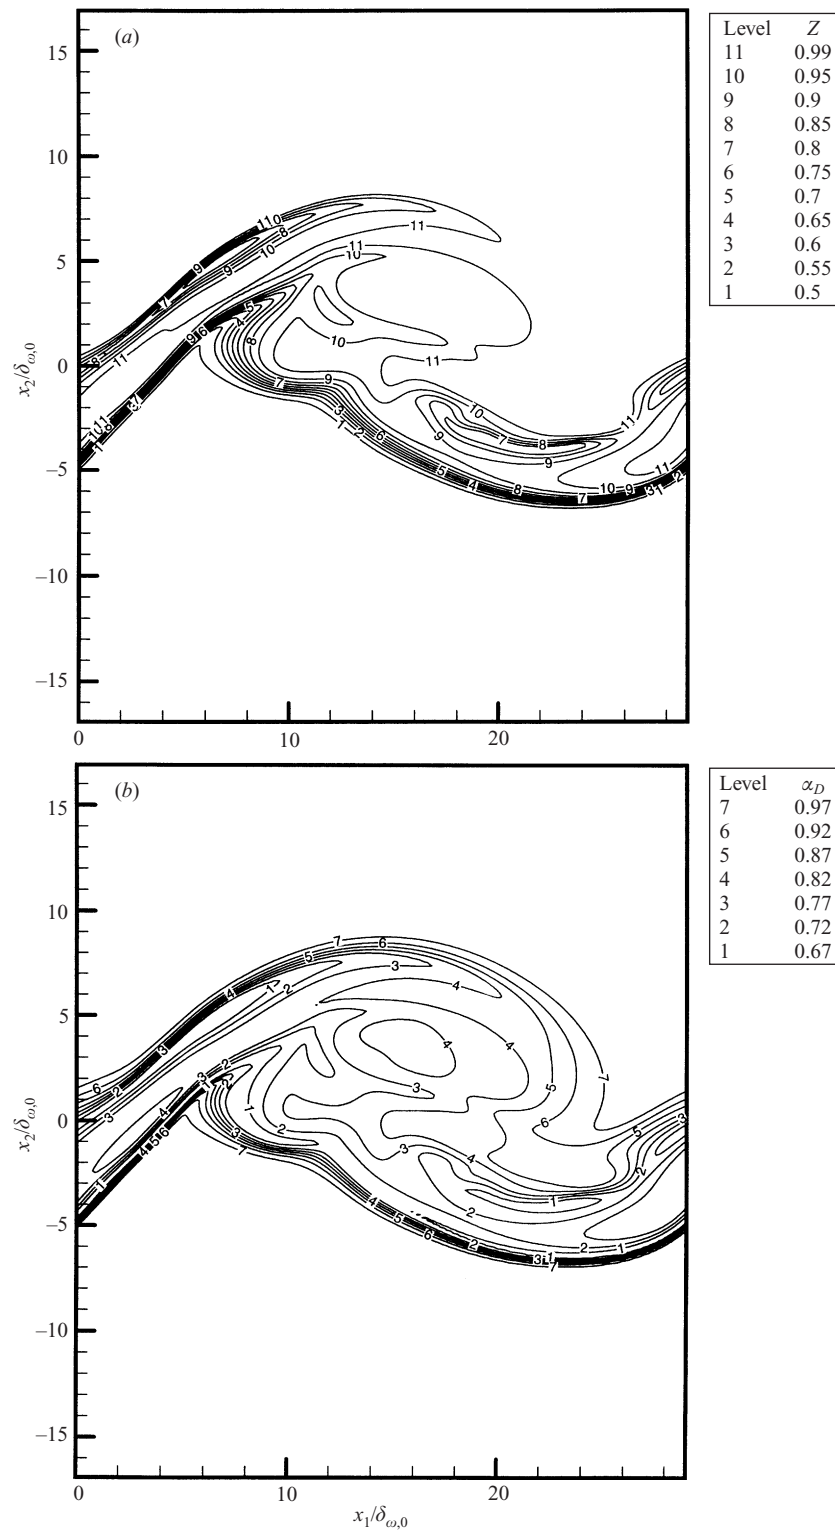

FIGURE 9 (corrected). The compression factor (a) and the mass diffusion factor (b) in the braid plane at the non-dimensional time  $t\Delta U_0/\delta_{\omega,0} = 100$ .
